This form is provided for your convenience in the event you do not have your own system or form to record the information required under Section 183 of the *Health of Animals Regulations*. There is no need to submit this form to Canadian Cattle Identification Agency unless it is specifically requested from you.

Section 183.2(c) states:

183.2 The manager of a tagging site shall

(c) keep records, and make them available on request to the responsible administrator, of enough information about the bison or bovines received at the site to enable their origin to be traced, including:

(i) the names and addresses of the owners or persons having the possession, care or control of the animals before the transportation of the animals to the site,

(ii) the dates of the arrival of the animals at the site, and

(iii) the identification numbers on the approved tags applied to the animals and the dates of the application of those tags to the animals.
