

# NEW @tags.canadaid.ca

## Introducing...

**FIRST OF IT'S KIND  
RFID METAL BEEF TAG**  
Highly visible, easy to apply.

Available exclusively through  
the CCIA Webstore.

An innovative steel wrap-around beef tag, requested by industry. The microchip is overmolded in a plastic insert so readability and read range of the transponder are never compromised.

### ORDER YOUR METAL TAGS NOW!

Pre-orders are welcome starting October 1st.

Product available online October 15.

Phone 1-877-909-2333 to reserve your tags!

SHEARWELL MET APPLICATOR

## UPGRADED AND IMPROVED

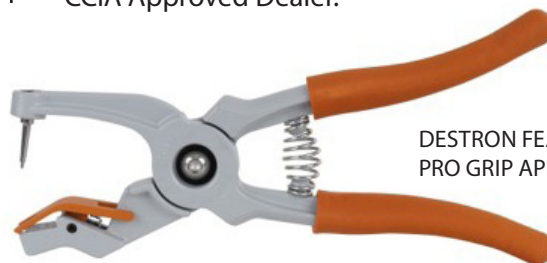

**Destron Fearing™  
DMR RFID**

Upgraded version of the Destron eTag. CCIA's strict tag testing protocol has resulted in tag technology improvements which include a fully molded outer tag housing for better durability and water resistance and an enhanced locking mechanism for greater retention.

Available through tags.canadaid.ca and your local CCIA Approved Dealer.

DESTRON FEARING DU FLEX  
PRO GRIP APPLICATOR

The new Shearwell RFID Metal tag and the improved Destron DMR RFID etag are available online, alongside the right applicator for the job. The CCIA Webstore carries all approved tags such as Allflex, ComfortEar, Y-Tex, Z Tags and exclusive Beef Breed tags (Angus, Gelbvieh, Hereford, Limousin, Shorthorn and Simmental). Select products are also available through your local CCIA Approved Dealer.
